SIT725
LECTURE 4

WHAT IS GOOD SOFTWARE?

Intro

This week we look at the ethics of programming. This is a very important topic, because you will need to understand how to behave when making decisions. From a practical point of view, we will look at making our application more complex.

Slides

The slides and lecture recording are available on Teams

Exercise

Once you have completed viewing the lecture, write down a 100 words summary of what you believe are the key points and upload it on OnTrack.
